Sir:

In response to the Official Action of February 19, 2002, a response being due by May 19, 2002, please amend the above-identified application as follows:

IN THE CLAIMS

Please cancel Claims 1 - 20 and substitute Claims 21 - 29 therefor as follows:

21. A windpower generating apparatus comprising:

a vertical support member;

a first arm assembly rotatably mounted on said support member so as to extend transverse to said support member;

a second arm assembly rotatably mounted on said support member so as to extend transverse to said support member, said second arm assembly being in a plane transverse to a plane of said first arm assembly;

a first plurality of vane members pivotally affixed to said first arm assembly, each vane member of said first plurality of vane members being pivotable about an axis extending in parallel relationship to said vertical support member; and
